SLOW THE FLOW

Utah Water Efficient Landscaping REBATES

Jumpstart Your Savings on These Waterwise Projects

Whether you're replacing thirsty grass or inefficient toilets, you can save money as well as water with these incentives. Enter your city below to see what water saving rebates you're eligible for!

View Details

Lawn Replacement

$ 1.50 - 3.00 per sq ft

Receive $1.50 to $3.00 per square foot when you replace your grass with waterwise plants. Select your city to see what's available in your area.

Switch to Drip

$ 0.50 - 1.00 per sq ft

Earn a rebate of $0.50 to $1.00 per square foot when you convert to a water-saving drip system in your gardens and flower beds. Select your city to see what's available in your area.

Treebate

$ 50 - 100 per tree

Receive a rebate of $50 to $100 per tree when you add new shade-giving trees to your yard. Select your city to see what's available in your area.

Toilet Replacement

$ Up to 150 rebate

Qualify for a rebate of up to $150 and start saving as much as 5.5 gallons per flush when you replace an old toilet from before 1994 with a new WaterSense one through the Utah Water Savers.

Smart Controllers

$ Up to 100 rebate

Qualify for a rebate of up to $100 through Utah Water Savers when you purchase an eligible smart controller that automatically adjusts your sprinklers to account for weather, soil moisture, and other conditions.
